ARREST CHARLES CORYELL
CHARGED WITH CARRYING
CONCEALED WEAPONS.

Chief of Police James Mackey arrested Charles Coryell, colored, of the county, Friday, on the charge of carrying concealed weapons. Coryell had just been released from jail on a charge of breach of peace. He attacked Charles Jones, colored, one of the witnesses of the Bloomfield-Lewis shooting a few weeks ago. Coryell, it seems, was not content with beating up the old man, but was carrying a gun to shoot him.

—AND THEN THE LIGHTS WENT OUT.

About 7:30 Friday night a high voltage primary wire in contact with the wet limb of a tree at the corner of Fifth and Bank streets, burned in two and fell sparking to the ground. It was raining so hard at the time and such a dangerous proposition to handle with the electric current on that it was ordered shut off at the plant for about five minutes, while linemen of the Gas Company climbed the wet pole and made the necessary repairs.

RAIN CAUSES GAME TO BE POSTPONED.

The hard rain that swept over the country Friday caused the game between the Maysville and Lexington teams to be called off. The delayed game will probably be played off as a part of a double-header at Lexington Sunday. This is the second game with Lexington within the past few days that has been halted by the elements.

ARRESTS DOPE-CRAZED NEGRO.

Constable James McNamara and Police Sergeant Harry Walsh arrested Frank Lyle Friday on the charge of disorderly conduct. Lyle was under the influence of some drug when arrested.

Miss Hattie Staggs, of Walnut street, returned home from Cincinnati, where she went for treatment. Her friends will be glad to know she is much better.

Mrs. G. B. Means and children returned home from Concord, where they have been the guests of her cousin, Mr. Otis Seacrest, the past week.

Mrs. J. L. Rudy and two sons returned home Friday from Manchester, O., where they have been visiting Mr. John Beasley and family.

CATCH RIVER PIRATES

MAYSVILLE POLICE FORCE RENDER VALUABLE AID IN CAPTURING MEN WHO STOLE BOAT.

Friday afternoon the Police Department received a call over the telephone from Jailer Sullivan, of Vanceburg, asking the police of this city to be on the lookout for two men who were on their way down the river from Vanceburg. The men were charged with stealing a boat from a party near Vanceburg.

Chief Mackey soon had his men at work on the case and in a few minutes they had stopped a boat containing two men and two women, and telephoned Jailer Sullivan that they had a party here and awaited his arrival on C. & O. train No. 7. When the jailer arrived it was found that the police had the wrong party, but this did not dismay Chief Mackey, as he also had a crew of a party that had passed down the river before the first message from Vanceburg was received.

He and Officer William Tolle chartered Mr. King Willett's gasoline yacht, the Gypsy King, and started in pursuit of the boat. They came upon two men who gave their names as Stanley and Ora Gilmore, who were rowing a boat that answered the description given by Jailer Sullivan, near the mouth of Lawrence creek, about four miles below this city. The men were placed under arrest and brought to this city where, after questioning them, the police placed them in the county jail.

The brothers declare they are innocent of the charge against them and say that they have a receipt for the sale of the boat and seven eyewitnesses of the sale. Their story is somewhat crude and not much faith is given it. They will be held until the owner of the boat arrives.

CAPTURE JAIL BREAKER.

At Portsmouth Friday the police captured Buddy Sheets, who was one of the gang of brass thieves that was broken up a few months ago by the police of Maysville and Portsmouth. Sheets was lodged in the Vanceburg jail for the charge and escaped with the Snyder brothers and Nickols. The other runaways have been captured and are in safe keeping. Sheets is the last one to be captured and his arrest is expected to lead to the arrest of others as he is what the police call a "stool" and will tell all he knows.

POPE TRAFFICKERS HAD BEST LOOK OUT.

Within the past month several men and women have been arrested by the officials while under the effects of some narcotic, the sale of which is positively forbidden by the recent Harrison act passed in Congress. The penalty for peddling drugs is very severe and those who are carrying on the business had better watch out or a federal officer will catch them.

OPPORTUNITY

FOR ALL CANDIDATES TO MAKE AN EXCELLENT SHOWING WINNING THE 75,000 AND GOLD OF ER.

Today candidates in the Daily Bulletin-Public Ledger automobile campaign are confronted with but one more week in which they may take advantage of the unexampled opportunity to establish their vote standing on a figure basis; one that will place them decidedly to the fore in the ultimate distribution of twenty attractive prizes. The special vote offer and the \$100 in gold prize will end Saturday night, August 28, at 9 p. m. The next six days will show, if reports are to be credited, that aggressiveness and aptitude are distinctive characteristics of the young women who are participating in the Daily Bulletin-Public Ledger campaign. Concerted action is being planned as never before and preparations are being made to make this week one of the most momentous of the entire campaign.

The special 75,000 vote offer is now in force and is the prolific source for contestants who give it their earnest attention. Thousands of added votes are theirs if subscriptions are procured with intensity. It takes only enough subscriptions to the Daily Bulletin and Public Ledger to make \$15 in order to win, aside from the regular votes, a special ballot of 75,000 votes. In building these subscription clubs no subscription can be included therein for less than four months in length. Also, cash must accompany each order. Any number of clubs may be secured.

Be a Winner.

Whoever turns in the most cash will be presented with \$35 in gold; the young lady ranking second in cash payments will receive \$25 in gold and the next two highest candidates of each district will receive \$10 in gold. Anent the shortness of this special offer, it is well to bear in mind that the entire campaign is of short duration. Candidates are not asked to work, perhaps an entire summer, in order to enjoy the fruits of their efforts. The Daily Bulletin and Public Ledger will distribute a fortune in prizes in three short weeks from today; none of the young women will have to endure the weariness that a long contest entails. Rather, brief and spirited is this campaign, and only a short period is available in which to make sure of an automobile. And distinction comes to those who are using their present time industriously.

Latest in Autos.

The matchless array of the two automobiles are worth every effort that is put forth to win them. The Daily Bulletin-Public Ledger has with care purchased cars that are particularly adaptable for the use of ladies. They mirror the tastes of those who will become their mistresses later on. Then, too, comfort and convenience have been looked for, such as self-starters and electric lighting equipment. In every sense the automobiles are the very last word of the factories from which they come, and are completely equipped.

Sweeping Ahead.

With these little facts in mind, candidates in every part of the Daily Bulletin-Public Ledger territory are exultantly sweeping ahead, eagerly grasping the timely chance that now beckons them to make rapid strides in vote gathering.

It is essential that candidates observe the importance of ascertaining whether the subscriptions they obtain are old or new. These can easily be defined, for a new subscriber is one who was not taking the Daily Bulletin or Public Ledger at the time the campaign started. When the stubs are sent in, it is well to go over each carefully and see that each stub is marked correctly, either old or new, as the case may be.

REGULARS TO TACKLE THE FAST AUGUSTA TEAM SUNDAY.

The Maysville Regulars will cross bats with the fast Augusta baseball team Sunday afternoon at League Park. The game promises to be the best amateur game played here this season, as the Augusta team has an idea in their heads that they can trim any team in the Ohio valley. The Regulars say that after the game Sunday the Augusta boys will change their minds.

The down-the-river crowd has secured the services of Lee Dressel, who will probably catch the slants of Toas McCall, who will pitch for the Augusta bunch. Besides these players, the Bracken county boys have signed up George Duley, of this city. Duley has seen experience in the Appalachian League. He will hold down the third station for the visitors.

Manager Dinger will use Jack Frost for the pitcher to oppose the down-the-river bunch, while Dice will be at the receiving end of the line. The old Regular lineup will be in the field and after the recent practices they have had they will give the Augusta team a hard fight for the game.

A GREAT REDUCTION

In going over our stock we find that we are OVERLOADED, and have decided to REDUCE STOCK, and it goes at cost.
This space will not permit us to list it all. One great bargain is 100,000 feet of an EXCELLENT GRADE OF OAK SIDING. This goes at \$2 PER HUNDRED. All other yard stock greatly reduced.

ROBBED OF OVER \$200

WAS STRANGER AT LIMESTONE BRIDGE IN THIS CITY FRIDAY NIGHT.

Between 8 and 8:30 o'clock Friday night a man, who gave his name as Pollock, and said his home was at Huntington, W. Va., was found lying in the weeds under Limestone bridge, bleeding from a wound in the head.

He said that he had come here to buy a barber shop and that while on his way to the East End he was attacked by three men on the bridge, one of whom knocked him in the head. They then dragged him to the place where he was found and robbed him of all the money he had, considerably more than \$200.

There is no clue as to who did the job.

MAKE ANOTHER LARGE SHIPMENT OF LIVE STOCK.

Messrs. Charles Asbury and Thelma Owens made another large shipment of cattle Friday amounting to three carloads of the best cattle shipped out of this market this season. This shipment is about the tenth large one these gentlemen have made this season. Others will follow.

Young Albert Helmer, of West Third street, who was taken to Hayswood hospital a few days ago, was operated upon Saturday morning to remove a growth in his side.

RAIN PUTS A CRIMP IN THE EWING FAIR.

The drizzling rain that fell all day Friday put a crimp in the festivities at the Ewing Fair and kept many visitors from attending. This was a big disappointment to the large crowds that would have attended as the fair this year is the best ever held there and all were anxious to attend.

Dr. Kahn, the optometrist and optician, will be in his office in the O'Keefe building, Monday and Tuesday. Charges for glasses reasonable.

Wilson's 25c Hose Supporters For Children

They are the most comfortable, best wearing and easiest on clothing of any ever invented. The cord runs through the slides before the elastic begins to stretch. There is no tug or jerk, no torn stockings, waists, or broken garters.

Cretonnes For Every Taste

They are all domestic cretonnes, foreign ones for the coming season being a problematical matter. But this isn't such a misfortune as it might be if our own manufacturers were not so clever in reproducing foreign designs and colors, some of their most successful copies are right here, among these cretonnes—and the prices have the advantage of being made on this side, too! 15c to 39c a yard is all they cost and they are a yard wide too.

RUSSIAN WAR TOPOGRAPHY

INTERESTING INFORMATION OF PLACES WHERE BATTLES ARE NOW BEING FOUGHT.

Washington, D. C., August 20.—Duenaburg (or Dvinsk), the principal gate guarding the road from the southwest to Petrograd and the key to the defense of the great Dvina river, through which the Germans are apparently making at interior Russia and all the line of military and industrial bases in the west, is described by the National Geographic Society in today's war primer as follows:

"Duenaburg, on the northeastern bank of the broad Dvina, is the heavily fortified front door to Great Russia, that division of Russian which stands in the same relationship to the empire that Prussia holds to Germany. It is situated where the Dvina makes a sharp angle toward the west, midway on the river's course from Vitebsk through marsh and lake land to the opposite commercial and industrial city of Riga upon the Gulf of Riga. The line between Riga and Duenaburg is 110 miles long. By way of the river it is considerably longer. The line from Duenaburg, east-south-east, to Vitebsk is 162 miles. This line roughly divides Great Russia from White Russia.

"White Russia, to the south of the Duenaburg line, is probably the poorest, most backward part of European Russia. While some 6,000,000 acres of swampy lands have been drained within its water-soggy surface, its general aspect is still largely that of marsh, swamp, lake and spongy meadow and forest land. In general, the peasants of White Russia are very poor, and have a severe struggle to wage for their existence. One writer says that the memory which he held most characteristic of this land was the picture of a weather-scarred, gray-headed peasant standing waist deep in the chill waters of the marsh cutting sedge. This poverty-blighted country, where no great commercial, industrial or cultural center is to be found, is that which now lies before the German armies. Beyond the Great Russian front door at Duenaburg lies the richer industrial and agricultural country of the central empire, while west from Lemberg and Kholm lie the rich agricultural lands of Little Russia, or the Ukraine and the great city of Kiev.

"Duenaburg is a fortress of the first class. It is also a fortress with traditions, for here in July, 1812, Napoleon's heading troops, under the command of Ordnot, hurled themselves again and again in vain against the strongly defended bridgehead. It was not until some weeks later that the town was captured by the French under MacDonald. The city was originally founded as a fortress, in 1278, by the Livonian Knights of the Sword. It was mortgaged by one of the grand masters of the order to the king of Poland; was overwhelmed by the legions of Ivan the Terrible of Russia; retaken by Poland in 1582; held alternately by the Swedes and Russians during the seventeenth century, and finally incorporated in the Muscovite realm in 1772.

"The city is situated at the intersection of two main railway lines and a very important branch. These are the War-Vilna-Petrograd line, the Riga-Vitebsk-Smolensk line, and the branch to the fortified Baltic port of Libau, the only port that Russian possessed before the war whose roadstead was always open. The main features of the city are its fortifications. It has a population of about 75,000, about one-half of which is Jewish. Its industries include saw mills, flour mills, brick kilns, match factories, distilleries, tobacco factories and tanneries. It enjoyed a moderate degree of importance before the war as a commercial center, doing considerable trade in grain, flax, hemp, tallow and timber."

The city of Siedlec, recently captured by the German army marching east from Warsaw, against Brest Litovsk, is described by the National Geographic Society. The description follows:

"Siedlec, while of little or no industrial or commercial importance, is an important railway junction, which binds the trunkline railways, Warsaw-Petrograd and Warsaw-Moscow, by a north-and-south line, beginning at the fortress Ostrolenka and ending at Lublin. One of the lines from Siedlec runs south to Lukow, and then turns east through Meshiritsche and Biala to Brest Litovsk. On the railway fort, Siedlec-Lukow, the German army which captured Warsaw was united to that before which Ivanogorod fell. Lukow was taken by the Ivanogorod troops about the same time that the city to the north was won.

"Siedlec lies about fifty-six miles east-southeast of Warsaw, Lukow is twenty miles southwest of Siedlec, while Brest Litovsk is fifty-five miles from Lukow and sixty miles from the northern city. Siedlec is about thirty miles south of the Warsaw-Petrograd railroad, and for its junction a man line branches northeast to the important city of Minsk, while another branch runs east, past Brest Litovsk to Gomei, a manufacturing town and an entrepot for agricultural products.

"There is little more than the railway junction and the seat of the government administration at Siedlec. It plays a small part in assembling the agricultural products of the district, and the Oginskis have embellished the little town with a beautiful palace and well-planned gardens. The population is about 24,000, of which the Jewish element is more than two-thirds."

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Himes, Ala.—"I must confess," says Mrs. Eula Mae Reid, of this place, "that Cardul, the woman's tonic, has done me a great deal of good."
Before I commenced using Cardul, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.
Since taking Cardul, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight."
If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.
For half a century, Cardul has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year. Cardul is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.
Cardul has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

SINKING OF ARABIC IN DEFIANCE OF WARNING SENT BY LANSING TO BERLIN.

Washington, August 19.—News of the torpedoing of the British steamer Arabic, of the White Star line, with Americans on board, came as a shock to the officials of the United States government, who had hoped since the dispatch of the American note there would be no further aggravation of an already tense situation between the United States and Germany.

Official information was meager and it was only through press dispatches that it was heard here that the vessel was torpedoed without warning. While it was recognized that a canvass of the survivors might reveal no American lives were lost, the torpedoing without warning of a vessel carrying Americans in itself has been denounced by the United States government as a violation of its rights, which, it repeated, would be regarded as "deliberately unfriendly."

Germany Already Warned.
In the last note to Germany, which it was generally accepted was the final word on the principles of the question from the United States, Secretary Lansing used the following language in referring to violations of American rights in the war zone:

"Friendship itself compels the United States government to say to the Imperial German government that repetition by the commanders of German naval vessels of acts in contravention of those rights must be regarded by the government of the United States, when they affect American citizens, as deliberately unfriendly."

"What the course of the United

States would be no official would predict because of the absence of detailed information. It must be established authoritatively whether any warning was given and whether the vessel attempted to escape.

Diplomatic Rupture Discussed.

If no American lives were lost, it was thought in official quarters tonight, drastic steps were improbable, but in the event it was found Americans were drowned a rupture of diplomatic relations was everywhere discussed as likely.

The attack on the Arabic came without official intimation from Berlin that submarine commanders would persist in torpedoing ships without warning and in the face also of constant reiteration in German quarters here that in the future passenger vessels would be given due warning. The incident, therefore, caused a widespread surprise, especially since the ship was bound for the United States and had no contraband. In some quarters there was a disposition to think the German submarine commander might have exceeded his orders or made a mistake.

President Wilson Started.

President Wilson was startled by the news. He spent the entire afternoon and evening trying to get detailed information. Though obviously worried he took the position that judgment should be withheld until official details were received.

The President had just finished a conference with Attorney General Gregory and was preparing to go golfing when word of the sinking of the steamer reached him. He immediately abandoned his plans and gave orders that all information be forwarded to him as quickly as possible. A cablegram came from Vice Consul Thompson at Queenstown telling of the sinking of the steamer and later the vice consul reported the names of sixteen survivors.

White House secretaries remained on duty during the evening, and, as press dispatches giving details were

WEAK KIDNEYS MAKE WEAK BODIES

Kidney Diseases Cause Many Aches and Pains of Maysville People.

As one weak link weakens a chain, so may weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork, strains, colds and other causes injure the kidneys and generally when their activity is lessened the whole body suffers.

Aches and pains and languor and urinary ills frequently come, and there is an ever-increasing tendency towards dropsy, gravel or fatal Bright's disease. When the kidneys fail there is no real help for the sufferer except kidney pills.

Doan's Kidney Pills act directly on the kidneys. Maysville testimony is proof of their effectiveness.

Mrs. S. Neal, 497 W. Second St., Maysville, says: "One of my family had a great deal of trouble from a lame back and weak kidneys. Doan's Kidney Pills made the patient better." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Neal recommends. Foster-McBurn Co., Props., Buffalo, N. Y.

received they were communicated to the President, who sent out several times for late editions of newspapers. Secretary Lansing, in announcing to the newspaper men the receipt of Mr. Thompson's dispatch, halted inquiry as to the course to be pursued by the department by the statement that he had nothing to say at this juncture because he had nothing to work on.

Table expenses at Buckingham Palace have been reduced from \$3 to \$1 a person each day since the war started, and the dinner courses cut from twelve to five. The menu cards are written by hand to curtail expenses, and for three successive dinners cold roast beef was the only meat served.

School will begin at Concord Monday.

MISS YANCEY DELIVERS LECTURES TO TEACHERS.

Frankfort, Ky., August 20.—A teacher in Metcalfe county, where Miss Jessie O. Yancey is lecturing to the county institute, told Miss Yancey that if she had only known of the treatment for consumption in time she believed she could have saved two sisters who had died from consumption and a niece now in the last stages of the disease.

Miss Yancey will address institutes in the counties of Boyd, Lewis, Pendleton and Campbell next week.

Dr. French, secretary of the commission, said that there had been so many calls for the book, "Home Care for Tuberculosis Patients," that he thought there would have to be a second edition. So popular has become this book that the State Board of Health has decided to follow Kentucky's lead and get out a similar publication. The moving picture exhibit will make the following towns in Gallatin and Carroll counties next week: Warsaw, Gex, Richwood, Ghent, Eastard, Carrollton, Mound Hill and Locust.

The commission's railroad exhibit car will make the points of the L. & N. railroad between Lagrange and Louisville next week.

Graft charges involving nearly all the officers of the Panama national police are being investigated by President Porras.

FRIGHT CAUSES DEATH

OF MRS. MOLLIE HIXSON, A FORMER RESIDENT OF THIS CITY.

Mrs. Mollie Hixson, aged 63, who for several years conducted a railroad boarding house in this city on Bridge street, died suddenly at her home in Covington Tuesday night.

Mrs. Hixson, since moving to Covington, had been conducting a railroad boarding house in that city. On Tuesday night the Covington police were notified that a fight was in progress in the Hixson home between two men, one a well-known L. & N. passenger conductor, and the other a Covington business man, the difficulty arising from a dispute over a woman whose name was not divulged. A patrol was sent to the scene, where the police found the business man bleeding profusely from stab wounds in the body and neck. The railroad man had disappeared. In endeavoring to separate the combatants, Mrs. Hixson was overcome by fright and fainted. A physician was summoned, but before he arrived she was dead. Her death was caused by a stroke of apoplexy, superinduced by fright from witnessing the fight and its near fatal results for one of the men.

She is survived by one daughter, Mrs. Lula Hixson Lemon, whose husband, Engineer James Lemon, was killed in a wreck near Paris several years ago.

BRACKEN MISSION BOARD

Held a very interesting meeting at Lewisburg Friday.

The Bracken Baptist Mission Board, composed of the members appointed at the meeting of the Bracken Association of Baptists in this city last week, met Friday at Lewisburg for the purpose of distributing funds to the mission churches in this district.

All members were present and the work of setting aside the funds to the various churches was completed, there being a large amount of money distributed to the weak churches in this section to enable them to maintain preaching during the year. Especial attention is being paid this year to the work in Morgan and Montgomery counties, but many churches in this immediate vicinity will be helped.

This grand old board of missions is one of the very best in the commonwealth and deserves much praise for the most splendid and gratifying work it is accomplishing.

Union service at this church at night, Brother R. L. Benn, our own gifted speaker, being in charge.

Ford Runabout	\$390.00
Ford Touring Car	440.00
Ford Town Car	640.00

No speedometer included in this year's equipment, otherwise cars fully equipped.

There can be no assurance given against an advance in these prices at any time. We guarantee, however, that there will be no reduction in these prices prior to Aug. 1, 1916.

Profit-Sharing With Retail Buyers

On August 1, 1914 we made the announcement that if we could make and sell at retail 300,000 Ford cars between August 1, 1914 and August 1, 1915 we would share profits with the retail purchasers, to the extent of from \$40 to \$60 on each car. We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed, should do so without delay.

Our plan to profit-share with retail purchasers of Ford cars during 1914-15 has been most successful. We thoroughly believe in it, but, realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date.

We are, however, confident of our inability to reduce costs for several months, and therefore can offer no profit-sharing for cars.
